From where do we come?

The waters come to our shores. We do not question their origin or where they last tasted land. They bring to us goods from all over the world. There is no civilized port in the world which at one time or another is not represented on our lands, in our stores, among our people and in our hearts.

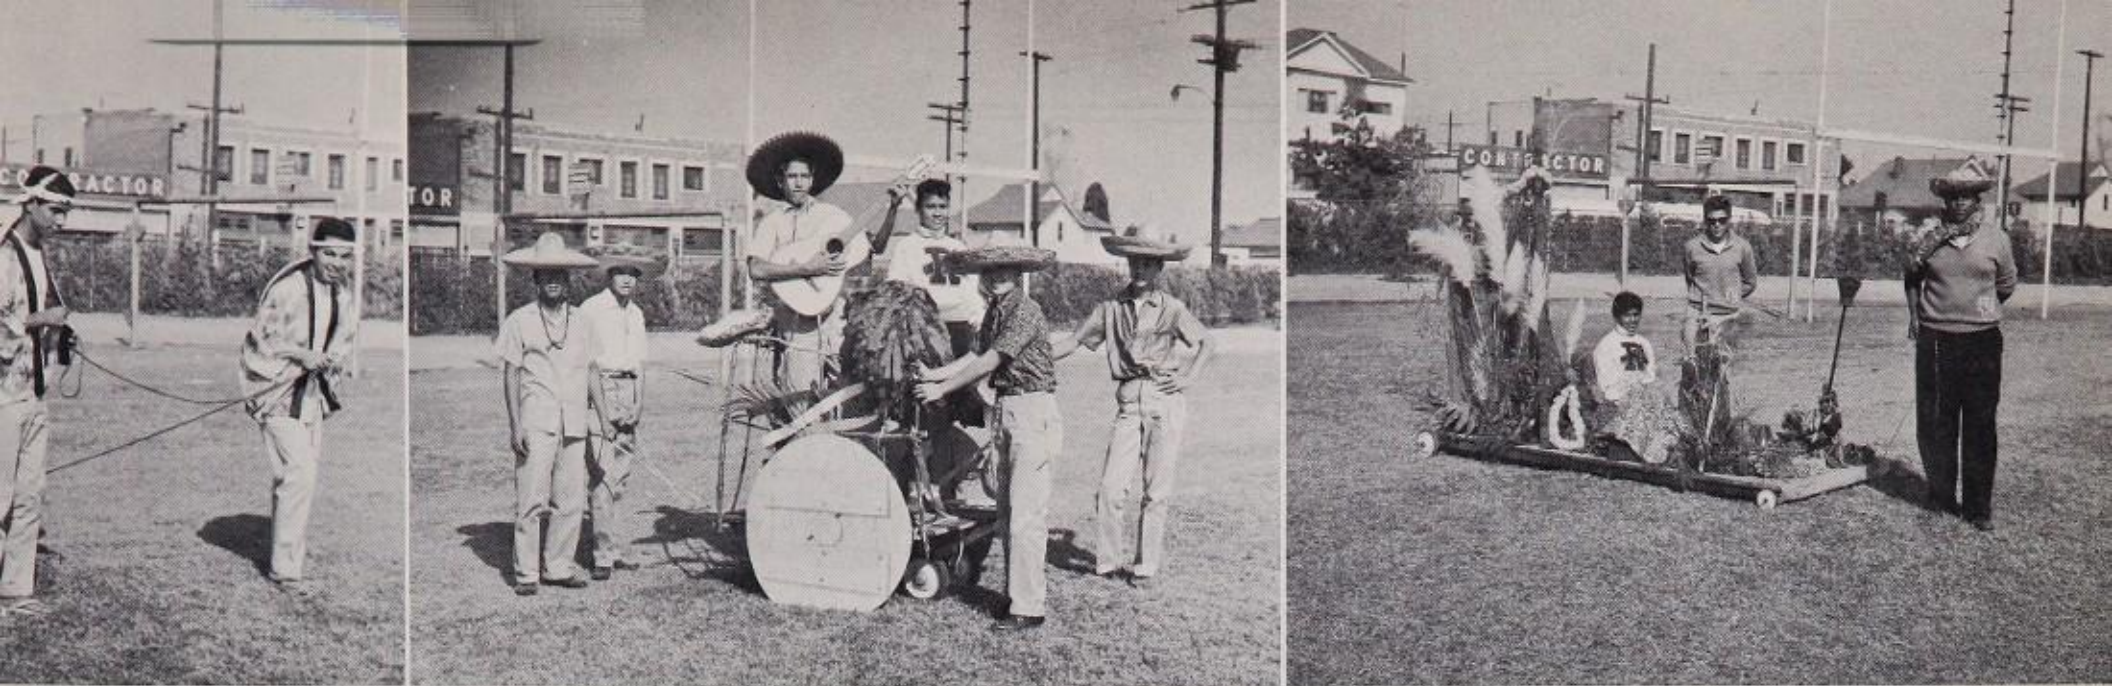

We come from everywhere.

The students of Roosevelt come. We do not question their origin or where they last called home. They bring traditions from all over the world. There is no civilized spot in the world which at one time or another is not represented on our campus, our community, our hearts.

Some students come to us knowing so little of our ways and our language that it becomes necessary to give them specialized training with specially trained teachers, so that they may be better able to take advantage of the many opportunities that are available to them. We wish also to be able to communicate with them, so that we may benefit from their cultures.

By a varied controlled program of work, play and rest, we learn.

Who Are We?

Who are we? We are a segment of America, working and playing together. We represent various races, creeds, religious and ethnic groups. Our common cause is to find a universal set of values. We appreciate the American purpose of liberty, justice and the pursuit of happiness for one and all.

It's fun to be with you,

and you,

and you

We are Roosevelt!

We are the new generation. We are the men and women, the soldiers, the sweethearts, housewives, the mothers, the fathers, the statesmen, businessmen, teachers, the leaders and the followers. We are anything and everything America needs, because we are America.

We are becoming more thickly populated, more gregarious, more conscious of social conformities.

The hash lines are longer, the cafeteria more crowded. It has become more difficult for the Senior Ayes to have and to hold the Senior Patio for themselves.

We are becoming a larger metropolitan high school, but the appeal is still from the people. AH yes, the people . . . inspiration from a smile- - ecstasy from the touch of a hand

. . . strenght from a thought-greatness from unified thought!

We do many things.

We work.

... we tire of working

We play .

... we tire of playing

We rest .

... we tire of resting

We learn .

... we never tire of learning

We learn civic responsibility

Our democracy depends upon and demands an awareness of and an active participation in a representative form of government, pride in our campus, self respect and respect for others both person and property.

We learn good human relations

One person's freedom ends when his actions interfere with another's freedom . . . understanding one's self, his basic motive, his drive, his needs in relation to the needs of others

We learn creativity

. . . frontiers are where you find them. Expansion is now, more than ever before, in the realms of mental expansion. Greatness as a society demands that each individual finds fulfillment of his expressive desires.

These things are mine:

laughter, love, dreams

We learn about

good physical and emotional health

exercise, diet, rest, competition . . . understanding the emotions and their effect upon the body systems . . . realizing the need for ever-constant evaluation of one's appreciations and understandings in this rapidly changing environment.

We learn economic competency

To know the basic patterns of our economic structure . . . individual and social rewards for endeavor . . . need for and wise use of taxes . . . saleable skill in a competitive market . . . knowledge of supply and demand for skills locally and nationally.

We dream the American dream

Who Are We

It is always a pleasure to be able to commend someone for performing a task or service well.

A commendation of thanks goes with this message from the faculty of Roosevelt to the entire student body.

Thanks for making Roosevelt High School such an example of American democracy in action; thanks, also for your participation in and support of this, our school. Perhaps we should give a little special thanks to the 1961 Roundup staff who give to us this outstanding record of this outstanding year.

1961 Student Council

You and Your Student Government

Since 1923, Theodore Roosevelt High School has built one of the strongest and best organized student governments in the entire city school system. Our student government depends upon the support and assistance of the faculty, the elected leaders and the student body.

The three groups have individual responsibilities that can only be accomplished successfully if each group works independently. But the major problems and functions of the school, to be carried out for the good of all, must be a joint effort of all three groups . . . a community effort.

We are fortunate to have a faculty who have had so many varied experiences and who will always have the welfare of the students in mind.

At Roosevelt High School we have two bodies which plan most events and work with the student body for an improved school. These are the House of Representatives and the Student Council. The House of Representatives is composed of two delegates from every Home-room. The chairman of the House Representatives is the student body

vice-president. He or she calls a meeting whenever necessary.

The House of Representatives is the closest to the student body because of the manner in which its members are elected. Problems and new ideas brought forward in the House are presented to the Council by the student body vice-president.

The Student Council is composed of class presidents, organization representatives, and the student body officers.

The Council meets several times a week to present and discuss activities and plans. It is not until after the Council decides on a suggestion and the administrators approve, that action can be taken.

The last and most important group is you, the Student Body. You elect your student government, you express your opinions as to what is necessary for the school, and in the final analysis you help make the decisions and carry them out.

We thank you for taking part in activities, leadership and becoming an integral part of Theodore Roosevelt High School during this past year.

Congratulations to the combined Music and Drama classes!

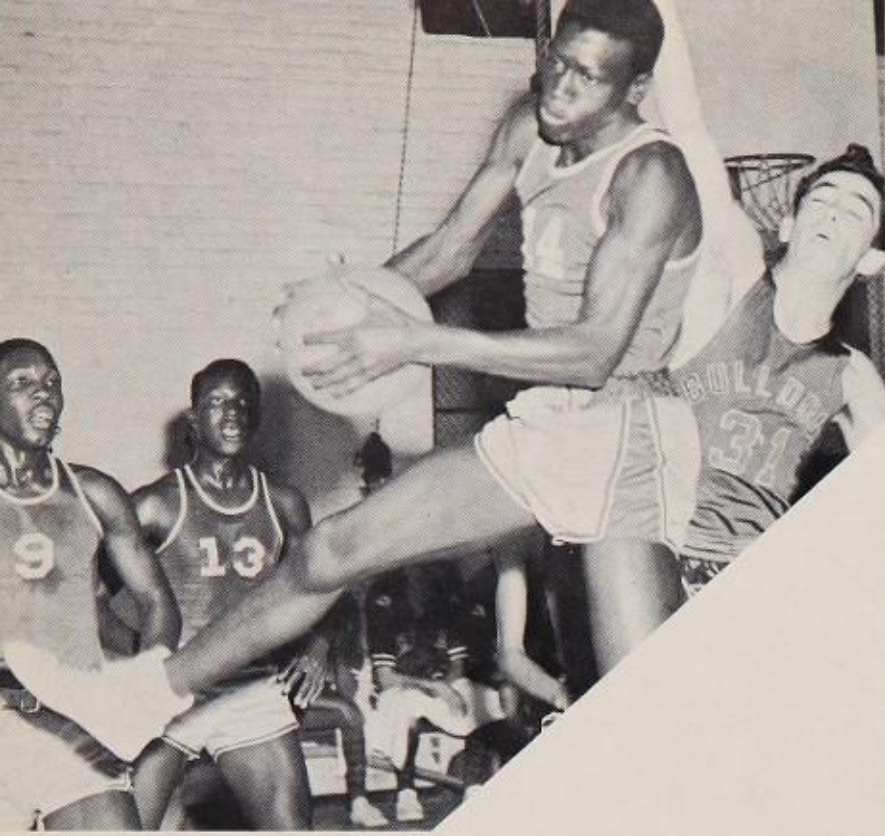

On May 26 and May 27 this spring, the Roosevelt community was very pleasantly surprised by the performance of the delightful musical comedy "Where's Charley?"

Heading a cast of over 60 performers, Caroline Varela as Anny and Henry Aguirre as Charley exhibited real talent in their interpretations of the title roles.

We thank Miss Cary Bedakas, Mr. George Greb, Mr. Torger Halten, Mr. Nicolas Marsman, Tony Monaco, and Mr. Edward Sams for their tireless efforts in behalf of the Student Body and the Faculty.

A special word of appreciation to Lily Sakamoto for her service as secretary to the production.

Homecoming

"This is undoubtedly one of the happiest moments of my life. If this is a dream, I hope I never awaken, or if I am Cinderella, I am glad that 12 o'clock is still a long way off." So spoke Diane Padilla, queen of the Homecoming festivities this year.

P.S. Diane was still as charming after 12 o'clock.

Sharing the dream with Diane are her two princesses, Gloria Asa and Joy Utsunomiya.

Coach James McLean is leaving Roosevelt at the end of this season. He will be the Varsity Football coach at North Hollywood High School. We wish him the most possible success (since North Hollywood is not in the same league as Roosevelt). We wish, also, to sincerely thank him for the unselfish efforts and the love which he has given to Roosevelt throughout his stay here.
Thanks, Jim, we'll miss you.

"For knowledge, too, is itself a power"

The "Imperials" of Winter '61 led a successful semester under the guidance of these fine officers and class council. Activities enjoyed were the Senior picnic, play day, gradnite, and their beautiful prom, "Memories in Lavender." Their gift to the school was a beautiful ROUGHRIDER banner.

The Imperials owe a great deal of their success to their Senior Problems teachers. Without the assistance of these understanding sponsors, none of their activities would have been so successful.

Olympians

Treasurer: Joy Kuramoto

Secretary: Susan Akiyoshi

Boys' V.P.: John Baca

Girls' V.P.: Jane Wagatsuma

President: Jack Morgan

"Education today for progress Tomorrow"

The "Olympians" off Summer '61 gained inspiration from these dedicated officers and council.

Their many activities included the picnic, play day, and class day consisting of the senior awards breakfast, talent show, and plaque ceremony. "Starlights in Fantasia," their Prom, proved to be one of the most successful events of the year.

The Olympians at this time would like to thank the Senior Problems teachers for giving their valuable time, support, and effort in helping to make these activities so enjoyable and successful.

The RIDERETTES returned to Roosevelt last fall. Inspired by their sponsor, Miss Beinert, these girls were real assets in the boosting of the spirit and morale of Roos-

evelt. We look forward eagerly to more from this group next fall.

R Is For Recognition

We thank Timucin Azerkan for the distinctive cover design which we will continue to enjoy for many years.

Thanks to the many members of the various Art classes for their assistance; especially Roberta Tanaka and Oswald Sosa.

To Jack Cannicott publications we are grateful for the printing of this book.

The color in this year's book was made possible by the print shop boys. The money which Mr. Perez and his crew saved by setting the type paid for this extra in our ROUNDUP.

Our special expression of appreciation to Mrs. Myrtle Lamoureux who permitted the duplication and the use of her paintings. They appear on the end sheets and the athletic division page.
